Set in a 6 ha farm, surrounded by large vineyards and pine forests, between the mountains (Serra do Marão) and the rivers (Ôlo and Tâmega) the house, ageless, left stories of love and mystery in the memory of the few who still remember it... Those that come across its spaces will have better things to say of its simplicity and authenticity, of the lightness of its air and purity of its fountains, of its silence and golden-red sunsets.

In the heart of Minho, Casa Lata - Agroturismo is located on a property of about 3.6 hectares, between Braga (10kms) and Peneda Gerês National Park (30kms), in the north of Portugal.

It has 10 double rooms and 4 twin rooms in the main house, as well as a rustic house located next to the vineyard - Casa do Garrafas - with capacity for 8 people (4 adults and 4 children), all with private bathroom, AC, TV channels, free Wi-Fi and free private parking on site. Guests can also enjoy common spaces such as a lounge, which once gave way to the wine cellar, game room, outdoor swimming pool (for adults and children) and numerous green spaces surrounding the house. Throughout the year the fruits are cultivated, such as the famous oranges of Amares, and fruits to make the homemade jams and cakes for breakfast. It has the history of a farm house minhota where its people dedicated themselves to the agriculture, the cattle raising, the vineyard and the wine. As milestones of these activities still exist the granary, the wine press, the alembic and numerous agricultural tools. In this environment of tradition associated with rural life, there is now a modern wine cellar where is produced the famous green wine. On arrival our guests are welcomed with a green of honor, and if they wish to know more about the production of green wine the current owner, Jose Costa, will be happy to make a visit to the winery.

Quinta do Olival was our great grandparents' house, Rita and Francisco. Farmers on the earlier century, Rita and Francisco produced and harvested the natural surroundings of Quinta do Olival

They lived on the today's "Casa do Avós" where they used to prepare home bread on the "ancient stone oven", produced wine in the "Casa Adega do Buraco" and also produced olive oil from the still existing Olive trees in "Casa do Lagar". A brief story yet important, that leads us to respect even more Rita and Francisco's heritage. So, Quinta do Olival is a fusion between contemporary and rustic architecture. Totally recovered from ruins, gives to our guests the comfort of today's demanding and the sensation of being in an ancient farmer house.

Quinta do Olival has available for our guests, the swimming pool, bicycles, parking, and all the natural surrounding for long walks. Quinta do Olival is near several interesting points, such as River Beach (5km), Natural Parks (approximately 30km), and ponds (20km). City centers like Viana do Castelo (40km), Braga (50km)

Sobrenatura is located in the heart of the Alto Minho region, in the village of Gração, nestled in the Serra de Soajo mountains between Peneda and Gerês, offering exceptional views over the River Lima - with the grandiose Serra Amarela in the background.

Using ruins of a group of 19th-century houses, while respecting traditional architectural styles, we rebuilt three houses, that incorporate full modern comforts and state-of-the-art insulation technologies in order to provide maximum possible comfort at any time of the year.

Following a philosophy of sustainability, we have designed highly ecological houses (that avoid the use of fossil fuels), in complete harmony with the surrounding environment, integrated within the landscape and preserving the original forestry areas.

Key elements include the spectacular modern swimming pool/belvedere, that is masterially integrated within the terrain - which you're sure to find delightful.

There's so much more to be said, but we prefer to allow you to slowly browse through our site and appreciate the photographs we've prepared for you.

See you soon,
Rui and Paula

Standing on an estate situated on the north slope of the river Lima valley, with a wonderful view, this stone house is surrounded by vineyards that produce Casa da Senra green wine. Nearby, a picturesque trout brook that tumbles down from Alto do Miranda to the river, offers exceptional conditions for the good fishing.

Casa do Paúl is located in the village of Espiunca, in the municipality of Arouca. This region has numerous motives of interest to visit, particularly the environmental wealth present throughout the walking trails and Arouca Geopark with all its cultural, natural and geological heritage.

The proximity of Casa do Paúl to River Paiva, about 500 meters to the site where rafting activities start, makes it a factor of local attractiveness, even for longer stays.

Casa do Paúl results from the rehabilitation of a ruined building, preserving the memory of the antique in the original façades, in a local stone "xystus". Comfort, simplicity and the adaptation to the rural context were the decisive criteria in the rehabilitation of the building

The estate Quinta das Escomoeiras is hidden in the terraces of an enchanted land, a small paradise set on the banks of the Tâmega River, offering uninterrupted views of forest-covered mountains to contemplate exquisite details of the pastoral rusticity of the Minho region.

The magnificence of the landscape extends on into our love for welcoming guests, and those who visit feel the coziness, the freedom of being and staying at a refined place, yet still feeling comfortable and at home.

The estate proudly offers 9 themed rooms, in a variety of styles and sizes. This is a place which tantalizes each of the senses. From the start of the day, sitting at breakfast on the marvelous terrace with a view out into a wide sweeping canvas of green, you can savor our jams and natural juices made from fruits of our own labor.

Wine tourism is one of our fortés. As a member of the Vinho Verde Route, the Quinta provides guests and other tourists with a tour of the vineyard and the wine cellar, along with a wine tasting of the wines made exclusively from grapes of this demarcated region, DOC (Denominação de Origem Controlada).

Part of the network, Bikotel, the Quinta das Escomoeiras provides ideal lodging for bicycling enthusiasts. We have everything needed for guests taking part in bicycling touring. Such conditions available are a closed garage, equipped with tool kits and washing equipment. At the Quinta we also have several bicycles available to lend our guests free of charge.

Our location so close to the Tâmega River offers an excellent opportunity to go fishing and canoeing.

The Quinta das Escomoeiras is animal friendly. Pets are allowed to stay and visit upon request.

"Cazal da Lamella" is a complex of rural houses restored with all the comfort and preserving the original architecture - "Casa do Forno" and "Casa da Nogueira". The granite walls inside "Casa do Forno" contrast with the modern architecture of "Casa da Nogueira" in which white colour is predominant. In the living rooms the fireplace becomes a friendly meeting point for long conversations in the winter evenings. The houses of "Cazal da Lamella" are a special place for a comfortable stay where the sun and the observation of birds, flora and lake create an atmosphere of the rural way of life in the north of Portugal. Situated in Minho region - North of Portugal "Cazal da Lamella" is located in Fafe, about 5 km from the city center. Guimarães (European Capital of Culture 2012) is 18 km away, National Park Peneda-Gerês is at 43 km and Porto Airport at 74 km (55 minutes).

"Cazal da Lamella" is a typical rural house rebuilt in 2011. The complex includes two independent houses in a 2 ha park, providing great tranquility for those who wish to stroll in a private park through the water and the flora of the agricultural landscape of northern Portugal.

The Casa de Cambres is an historic villa located in Cambres – Lamego, in the heart of the Douro Wine Region. Built in the 1920s decade of the last century, it is designed in Art Deco style, so in vogue by that time. It had been fully restored as a country house in 2014, thoroughly respecting the original architecture, to which we added all the amenities any Douro visitor expects and deserves.

This is a house of epoch, typical of Douro region and perfectly integrated in the landscape between the high and terraced vineyards, on the left bank of the Douro River and near the mouth of Varosa. Within a radius of 5 km you can reach the historic city of Lamego or arrive to Peso da Régua – the capital of Port Wine. You can also quickly reach the highway that serves the region, the A24 (Exit 10 – Armamar N313).

Accommodations are split into two cottages (the East House and the West House). The East House is a 2-bedroom plus 1 with kitchen and living room, and a large outdoor space with garden and barbecue, ideal for family living. The West House is a 3-bedroom with kitchen and living room, with an outside porch with barbecue. On the ground floor – the coolest in the villa – you can visit the cellar (by appointment) with towering vats and casks of aging port wine, adjacent to the granite mills, where the traditional treading of grapes during the vintage takes place.

We wait for your visit, so you can live and “breathe” the environment of the amazing Douro region.

The terraced hillsides of the Douro River, built by man and bringing nature to life, are proudly mirrored on the peaceful waters of the river and justifiably so for they reflected centuries of history portrayed as an unequalled landscape and a vast heritage.

It is in this region, facing the Meadas Mountain Range that the Timpeira farmhouse can be found, a perfect combination between the antique and the modern, simplicity and comfort, refinement and quality.

Close to the city of Lamego, it is a calm and unforgettable place, ideal for setting of in search of the charms and enchantments of this region.

The Vinhais de Sá House is a country house located in the village of Lamalonga, municipality of Macedo de Cavaleiros, within the Terras de Cavaleiros Geopark (Terras de Cavaleiros, Geopark Mundial da UNESCO) and the Azibo Reservoir (Albufeira do Azibo).

It's perfect to spend a few days in complete harmony with nature. Explore by foot or riding a bike, nooks where you will only be able to hear the birds, and contemplate stunning breathtaking landscapes, waterfalls, fields of olive trees and vineyards. If you are up to it, you can even participate, with the locals, in the harvest of these crops. But if your "thing" is just relaxing, doze off under a mighty, sparkly sky. In the summer, the high temperatures invite you to take a trip to the Azibo reservoir, which has been awarded the European Blue Flag for several consecutive years, or any other beach, all of them pollution-free. You can engage in water sports, hiking, hunting, fishing, or simply visit cities and towns with charming traditions and people. All of this after a good night's sleep in the comfort of the house and a reinvigorating "Transmontano" breakfast. We do not forget your furry companion; your dog or your cat also has a place within us, if you want to bring them along. They will be well taken care after.

Pay us a visit. We guarantee you will not regret it!

We are a family project, as we are the owners and the hosts. It is with great joy that we see guests arrive, settle in the 4 different villas, enjoy the 3 outdoor pools for the exclusive use of guests, harvest vegetables from the garden and fruit trees, help pick up pine cones, walk or run on our trails and savor our modest but much appreciated Vinho Verde ("green wine"). Our villas are nests of comfort and care for details. We're sure you'll be satisfied with all nearby sightseeing, monuments and outdoor activities – a return to Quinta da Bouça will feel wonderful when you can stand beneath the quiet shadows of our trees...

A Casa da Portela de Sampriz é uma casa senhorial de raiz quinhentista, aninhada na encosta do Monte de Santa Rita a meio caminho entre a vila de Ponte da Barca e o mítico castelo da Nóbrega de Fernão Magalhães.

Esta Casa senhorial constitui um conjunto arquitetónico harmonioso, que resulta de extensas obras de beneficiação e ampliação efetuadas no século XVIII, data da construção da Capela dedicada a Santo António, do pátio central e do imponente portão de entrada. Ainda hoje, no piso térreo da casa e em dependências agrícolas anexas podem observar-se vários vestígios quinhentistas. A Quinta, os espigueiros, a eira, os campos verdejantes as árvores seculares marcam o tempo da prosperidade agrícola desta casa e da região do Minho.

Maria Leonor Pereira de Lacerda Tavares Barreto e Alberto Tavares Barreto os atuais proprietários da Casa da Portela de Sampriz, procederam a obras profundas de restauro e renovação, para adaptar a casa e a quinta a Agroturismo. The village of Germil, located on the top of the "Serra Amarela", half way between "Serra do Soajo" and "Serra do Gerês", is nowadays no more than a rustic agro-rural village, lost in time. Between valleys and mountains of fertile lands of the Peneda Gerês National Park, Germil is at about 17km distance from the town of Ponte da Barca, surrounded by a rich natural landscape, characteristic of mountainous areas.

Casa da Eira, former agricultural House with grange and cattle shed for goats, seems to be an excellent option for who is looking for a distant and isolated place, full of history and memories, to have rest and to enjoy of all the surrounding natural beauty of the landscape, with all the necessary comfort.

Casa de Abbades is a typical example of a Portuguese manor house of the 17th century, situated amid vineyards and meadows in an area of outstanding natural beauty. Dating from two hundred years ago there are parish records which mention, by the same name, the farmland on which the house was later built and three centuries since its construction it has had only ten owners. It was the first of these who at the beginning of the 18th century added the Chapel dedicated to Our Lady of Victories.

Visitors to the house soon respond to the atmosphere of peace and tranquility in which it is possible to enjoy the gifts of nature in their most unspoiled state - unpolluted air, clear soft spring water, silence, glorious sunny days, moonlight nights with bright

The **Farmhouse of Cartemil** is situated in Gemieira, Ponte de Lima, the most ancient town in Portugal. Land known by the beauty of the river, which lent it its name, by its rich gastronomy, typical of the region, and by the cultural and architectural patrimony.

It is situated 50 minutes from Porto, 35 minutes from Braga and 30 minutes from Viana do Castelo. In the heart of the northern region of MINHO on the way to Santiago de Compostela, situated in the region called COSTA VERDE, the Farm of Cartemil is privileged by its location next to the river, the sea and the mountains. The House of the Farm, as it is also known, is referred to by its enviable position in the landscape and by its exposition to the sun, with the lands of the so called Ribeira Lima at its feet and with a view into an endless landscape, surrounded by scented woods, vineyards, orchards and by pure water that sprouts from the springs of the farm.

The house has its origins in the XVI century, connected to the family Souza e Menezes, having its establishment as an entail in 1632, as it is referenced to in ancient documents. During the XIX century it belonged to the Family of the Earls of Calheiros, whose daughter, D. Maria Ana de Calheiros de Menezes - Viscountess of Maiorca - later left it by testament to a family member. Even nowadays, the farmhouse is known as "the House of the Viscountess". Her relatives and current owners renewed this house completely as well as its vineyards, which produce an excellent wine known as Vinho Verde.

This residence has five rooms with private bathroom and independent entrance. Its adornment combines the classical beauty to the modern comfort. All the rooms are equipped with heating, television and access to free Wi-Fi. The guests can use

Scattered throughout the property are 3 charming cottages, individually decorated, for two or four guests, allowing for an extra bed. All cottages have living rooms, most of which with fireplaces, as well as kitchen, private bathrooms and views of the garden and countryside. In warmer days you can enjoy a refreshing dip in our farm tank, fed by pure, crystalline water from a nearby source.

Ponte de Lima is reputed to be the oldest township in Portugal, dating back 800 years. You can walk its paved streets, sit by the legendary river of oblivion and explore the Minho region, with beautiful landscape, great food and wines, and welcoming people. A one hour drive will lead you to Gerês National Park, Porto, Braga, Guimarães or Galicia, in Spain, so it's the perfect starting point.

Only 25km away you find Viana do Castelo, charming coastal town with the river and a string of great beaches, perfect for watersports lovers. From wine tasting or golf, to rafting or canoeing, or simply resting, the Minho region has everything to offer guests a great holiday.
